Experience

Frontend Developer   02/2023 - present
RunProf LLC

Developing websites utilizing the Vue.js and Nuxt.js frameworks, which enables companies to deliver high-performing websites that are optimized for search engine rankings. My skills also extend to converting Figma designs into real, functioning websites and maintaining dashboards to ensure that they remain fully functional and up-to-date.

Frontend Developer   08/2021 - 07/2022
Freelancing.

Versatile Web Developer adept in Next.js, React.js, Redux.js, Typescript, Tailwind CSS, Restful API, GraphQL, and MongoDB. Excels in dynamic interfaces, efficient state management, code quality, and seamless data communication for responsive, high-quality applications.
